Hair:

- Hair and makeup requirements will remain consistent for both solo dancers and groups.
- If you notice any errors or believe that a specific accessory is or isn't necessary for a costume requirement, please inform us so that we can address it accordingly.

We require a linked method for achieving a slicked-back hair look. We have provided a YouTube tutorial (<https://youtu.be/mXeke8UrFVg>) that demonstrates the desired hairstyle for all dances. Whether you are assigned a low bun, high ponytail, or low ponytail, please follow the method until you achieve a completed ponytail. The primary focus is on achieving a sleek appearance with NO fly aways or loose pieces.

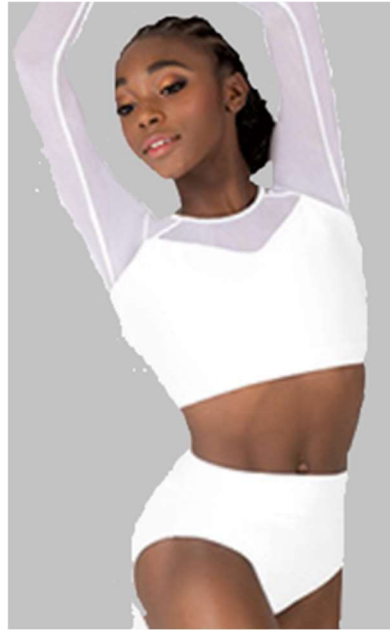

To achieve this look, you will need hair gel, mousse, and hairspray. These products can be purchased at Dollar General for approximately \$7 each (for larger bottles) or at any store that sells hair products. If you already have your own products that provide a strong hold and yield a slicked-back result without any fly aways, you may use them as well.

The process involves applying mousse throughout the hair, slicking it back, adding gel for further sleekness, and generously applying hairspray. Finally, use your palms to smooth out the hair for a polished look. Please ensure that all hair is slicked back, including bangs. Additionally, please use a hair tie that matches your hair color.
